PROFILE SUMMARY

Targeting **Full Stack Developer** roles with an organization of high reput with a scope of improving knowledge and further career growth. Proficient in **(HTML, CSS, JavaScript, Bootstrap, Python Flask, and MySQL)** with a strong background in building scalable web applications. Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance. Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions.

EDUCATION

Takshashila University

Master of Computer Applications

CGPA: 8.6

Tindivanam Taluk, Ongur, Tamil Nadu

Expected Graduation, May 2025

Srimath Sivagnana Balaya Swamigal College

Bachelor of Computer Applications

CGPA: 8.4

Mailam, Tamil Nadu

Aug 2020 - APRIL 2023

PROJECTS

Student Management System

A comprehensive web application that enables users to manage student records, track attendance, and facilitate communication between students and educators.

Responsibilities:

Developed front-end with HTML, CSS, JavaScript, and Bootstrap for a responsive user interface. Implemented backend functionality using Python Flask for efficient data handling. Managed MySQL for seamless data storage and retrieval.
